## Subject Index

- Absenteeism**  
 work-site exercise, physical fitness, and lost workdays (Shephard) 1994;3:268 (State-of-the-art review)
- Activity.** See Physical activity
- Age factors**  
 are older women really less active than men? findings from a community sample (Young et al) 1994;3:66 (Original research)  
 physical activity and its determinants before and after college graduation (Calfas et al) 1994;3:323 (Original research)
- Athletics.** See Sports
- Aural temperature.** See Temperature
- Behavior**  
 role of physicians in supporting lifestyle changes (Green et al) 1994;3:119 (State-of-the-art review)
- Blood pressure**  
 essential hypertension: approaches to prevention in children (Alpert et al) 1994;3:296 (State-of-the-art review)
- Body composition**  
 reliability of four methods of body composition assessment (Vehrs et al) 1994;3:2 (Original research)
- Book reviews**  
*Arthritis: Your Complete Exercise Guide*, by Gordon (Price) 1994;3:116  
*Be Strong: Strength Training for Muscular Fitness for Men and Women*, by Westcott (Clarkson) 1994;3:226  
*Bowes and Church's Food Values of Portions Commonly Used 16th ed*, by Pennington (Stumbo) 1994;3:285  
*Concepts of Physical Fitness With Laboratories, 8th ed*, by Corbin and Lindsey (Carda) 1994;3:287  
*Developing and Managing Cardiac Rehabilitation Programs*, edited by Hall (Einerson) 1994;3:228  
*Fantastic Water Workouts*, by Gaines (Winterstein) 1994;3:288  
*Handbook of Preventive and Therapeutic Nutrition*, by Gerber (Geil) 1994;3:175  
*Osteoporosis: How to Make Your Bones Last a Lifetime*, by Lyon and Sutton (Freitick) 1994;3:286  
*Pediatric Laboratory Exercise Testing: Clinical Guidelines*, by Rowland (Driscoll) 1994;3:227  
*Upper Elementary Children Moving and Learning*, by Pica (Stanley) 1994;3:346  
*World Reviews of Nutrition and Dietetics Volume 71: Nutrition and Fitness for Athletes*, edited by Simopoulos and Pavlou (Clarkson) 1994;3:343  
*World Reviews of Nutrition and Dietetics Volume 72: Nutrition and Fitness in Health and Disease*, edited by Simopoulos (Clarkson) 1994;3:343
- Calories**  
 kilocalorie expenditure-based work-site cardiac rehabilitation maintenance program: sustaining prognostic risk (Parker et al) 1994;3:232 (Original research)  
 use of three-day food records as estimates of seven-day caloric intake during physical training (Burnett et al) 1994;3:185 (Original research)

**Cancer.** See Neoplasms

**Cardiac abnormalities.** See Heart, abnormalities

**Cardiac rehabilitation.** See Heart, rehabilitation

**Cardiopulmonary exercise test.** See Exercise test

#### Child

coronary heart disease prevention in childhood. part I: background and rationale (Williams) 1994;3:194 (State-of-the-art review)

coronary heart disease prevention in childhood. part II: clinical evaluation and treatment of cardiovascular risk factors (Williams) 1994;3:248 (State-of-the-art review)

essential hypertension: approaches to prevention in children (Alpert et al) 1994;3:296 (State-of-the-art review)

preventive cardiology in children: faith, hope, and strategic policy making (Rowland) 1994;3:178 (Editorial)

#### Cholesterol

health effects of serum cholesterol reduction: the potential for good and the potential for harm (Muldoon et al) 1994;3:74 (State-of-the-art review)

low serum cholesterol: good or bad? (Ockene and Ma) 1994;3:63 (Editorial)

serum cholesterol and health risk factors in a university population (Wilkes et al) 1994;3:141 (Original research)

#### College

physical activity and its determinants before and after college graduation (Calfas et al) 1994;3:323 (Original research)

#### Communications media

science news: reading between and beyond the lines (Munnings) 1994;3:171 (Freelance article)

**Contact dermatitis.** See Dermatitis, contact

**Continuous passive motion therapy.** See Motion therapy, continuous passive

#### Cooling therapy

interpretation of aural temperatures during exercise, hyperthermia, and cooling therapy (Armstrong et al) 1994;3:9 (Original research)

#### Coronary arteriosclerosis

role of mental stress in the pathogenesis of coronary atherosclerosis and acute coronary events (Howell and Krantz) 1994;3:131 (State-of-the-art review)

#### Coronary diseases

coronary heart disease prevention in childhood. part I: background and rationale (Williams) 1994;3:194 (State-of-the-art review)

coronary heart disease prevention in childhood. part II: clinical evaluation and treatment of cardiovascular risk factors (Williams) 1994;3:248 (State-of-the-art review)

health effects of serum cholesterol reduction: the potential for good and the potential for harm (Muldoon et al) 1994;3:74 (State-of-the-art review)

low serum cholesterol: good or bad? (Ockene and Ma) 1994;3:63 (Editorial)

preventive cardiology in children: faith, hope, and strategic policy making (Rowland) 1994;3:178 (Editorial)

role of mental stress in the pathogenesis of coronary atherosclerosis and acute coronary events (Howell and Krantz) 1994;3:131 (State-of-the-art review)

#### Correction

women and smoking cessation: current status and future directions (Marcus et al) 1994;3:17 1994;3:289

#### Death, sudden, cardiac

athletes with cardiac abnormalities: the physician's role (Munnings) 1994;3:339 (Freelance article)

role of mental stress in the pathogenesis of coronary atherosclerosis and acute coronary events (Howell and Krantz) 1994;3:131 (State-of-the-art review)

#### Dermatitis, contact

diagnosis and management of athletes' common skin problems (Kantor) 1994;3:91 (State-of-the-art review)

#### Diabetes mellitus

management of the diabetic foot in sports medicine (Julsrud) 1994;3:112 (State-of-the-art review)

#### Diet

counseling patients to adopt and maintain a low-fat diet: a prescription for physicians (Pang) 1994;3:156 (MENH clinic)

health effects of serum cholesterol reduction: the potential for good and the potential for harm (Muldoon et al) 1994;3:74 (State-of-the-art review)

low serum cholesterol: good or bad? (Ockene and Ma) 1994;3:63 (Editorial)

serum cholesterol and health risk factors in a university population (Wilkes et al) 1994;3:141 (Original research)

use of three-day food records as estimates of seven-day caloric intake during physical training (Burnett et al) 1994;3:185 (Original research)

#### Energy metabolism

kilocalorie expenditure-based work-site cardiac rehabilitation maintenance program: sustaining prognostic risk (Parker et al) 1994;3:232 (Original research)

#### Errata

women and smoking cessation: current status and future directions (Marcus et al) 1994;3:17 1994;3:289

#### Essential hypertension. See Hypertension

#### Exercise

acute effects of walking on mood profiles in women: preliminary findings in postmenopausal women (Pronk et al) 1994;3:148 (Original research)

are older women really less active than men? findings from a community sample (Young et al) 1994;3:66 (Original research)

considering factors that affect exercise adherence (Bruner) 1994;3:293 (Editorial)

diagnosis and management of athletes' common skin problems (Kantor) 1994;3:91 (State-of-the-art review)

effects of exercise on plasma lipid metabolism and exercise therapy of hyperlipidemia (Higuchi et al) 1994;3:308 (State-of-the-art review)

exercise adherence in the obese: self-regulated intensity (Goodrick et al) 1994;3:335 (Original research)

interpretation of aural temperatures during exercise, hyperthermia, and cooling therapy (Armstrong et al) 1994;3:9 (Original research)

kilocalorie expenditure-based work-site cardiac rehabilitation maintenance program: sustaining prognostic risk (Parker et al) 1994;3:232 (Original research)  
 metabolic cost of continuous passive motion exercise (Franklin et al) 1994;3:180 (Original research)  
 physical activity, exercise, and cancer in women (Pinto and Marcus) 1994;3:102 (State-of-the-art review)  
 walking message: have enough people heard it? (Munnings) 1994;3:56 (Freelance article)  
 work-site exercise, physical fitness, and lost workdays (Shephard) 1994;3:268 (State-of-the-art review)

#### Exercise test

integrative cardiopulmonary exercise testing: basis and application (Sue) 1994;3:32 (State-of-the-art review)  
 one-mile walk test: reliability, validity, norms, and criterion-referenced standards for young adults (Jackson and Solomon) 1994;3:317 (Original research)

#### Fats

counseling patients to adopt and maintain a low-fat diet: a prescription for physicians (Pang) 1994;3:156 (MENH clinic)

#### Fever

interpretation of aural temperatures during exercise, hyperthermia, and cooling therapy (Armstrong et al) 1994;3:9 (Original research)

#### Food. *See* Diet

#### Foot

management of the diabetic foot in sports medicine (Julsrud) 1994;3:112 (State-of-the-art review)

#### From the editors

from the editors 61, 177, 231, 291, 1994;3:1  
 from the editors (Rippe and Ward) 1994;3:177  
 from the editors (Ward and Rippe) 1994;3:1  
 something old ... something new (Rippe and Ward) 1994;3:61

#### Gas exchange. *See* Pulmonary gas exchange

#### Health promotion

counseling patients to adopt and maintain a low-fat diet: a prescription for physicians (Pang) 1994;3:156 (MENH clinic)  
 role of physicians in supporting lifestyle changes (Green et al) 1994;3:119 (State-of-the-art review)

#### Heart, abnormalities

athletes with cardiac abnormalities: the physician's role (Munnings) 1994;3:339 (Freelance article)

#### Heart, rehabilitation

kilocalorie expenditure-based work-site cardiac rehabilitation maintenance program: sustaining prognostic risk (Parker et al) 1994;3:232 (Original research)

#### Hypercholesterolemia

serum cholesterol and health risk factors in a university population (Wilkes et al) 1994;3:141 (Original research)

#### Hyperlipidemia

effects of exercise on plasma lipid metabolism and exercise therapy of hyperlipidemia (Higuchi et al) 1994;3:308 (State-of-the-art review)

#### Hypertension

essential hypertension: approaches to prevention in children (Alpert et al) 1994;3:296 (State-of-the-art review)

#### Hyperthermia. *See* Fever

#### Infection

diagnosis and management of athletes' common skin problems (Kantor) 1994;3:91 (State-of-the-art review)

#### Journalism

science news: reading between and beyond the lines (Munnings) 1994;3:171 (Freelance article)

#### Kilocalories. *See* Calories

#### Life style

role of physicians in supporting lifestyle changes (Green et al) 1994;3:119 (State-of-the-art review)

#### Lipids

effects of exercise on plasma lipid metabolism and exercise therapy of hyperlipidemia (Higuchi et al) 1994;3:308 (State-of-the-art review)

#### Lost workdays. *See* Absenteeism

#### Media. *See* Communications media

#### Mental stress. *See* Stress, psychological

#### Metabolism

metabolic cost of continuous passive motion exercise (Franklin et al) 1994;3:180 (Original research)

#### Mood

acute effects of walking on mood profiles in women: preliminary findings in postmenopausal women (Pronk et al) 1994;3:148 (Original research)

#### Motion therapy, continuous passive

metabolic cost of continuous passive motion exercise (Franklin et al) 1994;3:180 (Original research)

#### Myocardial infarction

role of mental stress in the pathogenesis of coronary atherosclerosis and acute coronary events (Howell and Krantz) 1994;3:131 (State-of-the-art review)

#### Neoplasms

epidemiologic studies and cancer etiology in humans (Tri-chopoulos and Petridou) 1994;3:206 (State-of-the-art review)

physical activity, exercise, and cancer in women (Pinto and Marcus) 1994;3:102 (State-of-the-art review)

#### News

science news: reading between and beyond the lines (Munnings) 1994;3:171 (Freelance article)

#### Nutrition. *See also* Diet

vitamin B<sub>1</sub> status in athletes of various types of sports (Rokitzki et al) 1994;3:240 (Original research)

#### Obesity

exercise adherence in the obese: self-regulated intensity (Goodrick et al) 1994;3:335 (Original research)

#### Oxygen consumption

integrative cardiopulmonary exercise testing: basis and application (Sue) 1994;3:32 (State-of-the-art review)

**Patient education**

counseling patients to adopt and maintain a low-fat diet: a prescription for physicians (Pang) 1994;3:156 (MENH clinic)

role of physicians in supporting lifestyle changes (Green et al) 1994;3:119 (State-of-the-art review)

**Physical activity**

are older women really less active than men? findings from a community sample (Young et al) 1994;3:66 (Original research)

considering factors that affect exercise adherence (Brunner) 1994;3:293 (Editorial)

physical activity, exercise, and cancer in women (Pinto and Marcus) 1994;3:102 (State-of-the-art review)

physical activity and its determinants before and after college graduation (Calfas et al) 1994;3:323 (Original research)

**Physical fitness**

work-site exercise, physical fitness, and lost workdays (Shephard) 1994;3:268 (State-of-the-art review)

**Physical training. See Sports****Policy making**

preventive cardiology in children: faith, hope, and strategic policy making (Rowland) 1994;3:178 (Editorial)

**Preventive medicine**

coronary heart disease prevention in childhood. part I: background and rationale (Williams) 1994;3:194 (State-of-the-art review)

coronary heart disease prevention in childhood. part II: clinical evaluation and treatment of cardiovascular risk factors (Williams) 1994;3:248 (State-of-the-art review)

essential hypertension: approaches to prevention in children (Alpert et al) 1994;3:296 (State-of-the-art review)

preventive cardiology in children: faith, hope, and strategic policy making (Rowland) 1994;3:178 (Editorial)

**Pulmonary gas exchange**

integrative cardiopulmonary exercise testing: basis and application (Sue) 1994;3:32 (State-of-the-art review)

**Reproducibility of results**

reliability of four methods of body composition assessment (Vehrs et al) 1994;3:2 (Original research)

**Risk factors**

coronary heart disease prevention in childhood. part II: clinical evaluation and treatment of cardiovascular risk factors (Williams) 1994;3:248 (State-of-the-art review)

kilocalorie expenditure-based work-site cardiac rehabilitation maintenance program: sustaining prognostic risk (Parker et al) 1994;3:232 (Original research)

serum cholesterol and health risk factors in a university population (Wilkes et al) 1994;3:141 (Original research)

**Skin diseases**

diagnosis and management of athletes' common skin problems (Kantor) 1994;3:91 (State-of-the-art review)

**Smoking cessation**

women and smoking cessation: current status and future directions (Marcus et al) 1994;3:17 (State-of-the-art review)

**Sports**

athletes with cardiac abnormalities: the physician's role (Munnings) 1994;3:339 (Freelance article)

diagnosis and management of athletes' common skin problems (Kantor) 1994;3:91 (State-of-the-art review)

management of the diabetic foot in sports medicine (Julsrud) 1994;3:112 (State-of-the-art review)

use of three-day food records as estimates of seven-day caloric intake during physical training (Burnett et al) 1994;3:185 (Original research)

vitamin B<sub>1</sub> status in athletes of various types of sports (Rokitzki et al) 1994;3:240 (Original research)

**Stress, psychological**

role of mental stress in the pathogenesis of coronary atherosclerosis and acute coronary events (Howell and Krantz) 1994;3:131 (State-of-the-art review)

**Temperature**

interpretation of aural temperatures during exercise, hyperthermia, and cooling therapy (Armstrong et al) 1994;3:9 (Original research)

**Thiamine**

vitamin B<sub>1</sub> status in athletes of various types of sports (Rokitzki et al) 1994;3:240 (Original research)

**Vitamin B<sub>1</sub>. See Thiamine****Walking**

acute effects of walking on mood profiles in women: preliminary findings in postmenopausal women (Pronk et al) 1994;3:148 (Original research)

one-mile walk test: reliability, validity, norms and criterion-referenced standards for young adults (Jackson and Solomon) 1994;3:316 (Original research)

walking message: have enough people heard it? (Munnings) 1994;3:56 (Freelance article)

**Weight loss**

metabolic cost of continuous passive motion exercise (Franklin et al) 1994;3:180 (Original research)

**Women**

acute effects of walking on mood profiles in women: preliminary findings in postmenopausal women (Pronk et al) 1994;3:148 (Original research)

are older women really less active than men? findings from a community sample (Young et al) 1994;3:66 (Original research)

physical activity, exercise, and cancer in women (Pinto and Marcus) 1994;3:102 (State-of-the-art review)

women and smoking cessation: current status and future directions (Marcus et al) 1994;3:17 (State-of-the-art review)

**Work absenteeism. See Absenteeism**
